

# OLYMPIC SNOWBOARDER

**Supplies: craft sticks, pipe cleaners, metal washers**

**You will also need: tape, glue, markers, a slide or ramp**

**You should have enough supplies to build two snowboarders**

**THE CHALLENGE: BUILD A SNOWBOARDER WITH YOUR PIPE CLEANERS AND CRAFT STICKS THAT CAN SLIDE DOWN A RAMP**

- **Start by decorating your snowboard with markers or crayons.**
- **Build your athlete with the pipe cleaners and attach it to the snowboard with tape.**
- **Decide how to place the metal washers for weight and balance. Use tape, and then you can adjust them if you need to!**
- **Find a slide, or something you can use for a ramp, and send your snowboarder down! What adjustments do you need to make to make it more successful?**
